

Director of Clinical Outreach Services/BSN or BAN

Coal Country Community Health Center is growing and adding services! The Director of Clinical Outreach Services (DCOS) will assist the leadership team in aligning market initiatives to achieve targeted growth and expansion through clinical, virtual, and operational outreach to various industrial and community and private organizations. This Registered Nurse will facilitate improved access to and promote the expansion of clinical and preventative services outside the walls of the primary care clinic setting, including the provision of Occupational Health Nurse in collaboration with various industrial organizations or private businesses, further providing for the delivery of health and safety programs and services to work populations and community groups.

Must be a BSN or BAN and a current ND Board of Nursing licensure or able to acquire state licensure; 3-5 years' experience working in a primary care setting, preferred; written and oral fluency in English; basic computer knowledge, required; electronic medical record (EMR) experience, preferred.

If you are looking for an opportunity to share your passion, and become a member of our growing team, please apply online at www.coalcountryhealth.com or send a completed company application to Coal Country Community Health Centers, Attn. Human Resources, 1312 Hwy 49 N., Beulah, ND, 58523.
